Deep Learning | Python Developer | GitHub Campus Expert

Education

2017 - 2021	**Bachelor of Engineering, Computer Engineering**
	Army Institute of Technology, Pune
2015 - 2016	**Senior Secondary**
	Army Public School, Nehru Road, Lucknow
	94.8%
2013 - 2014	**Seconday**
	Army Public School, Bhopal
	10.0 CGPA

Personal Summary

I am competitive, creative and focused. My out of the box thinking and willingness to try out new stuff regardless of outcome always drives me to push my limits and keep working harder. I never let comfort zones restrict my performance. Open Source Contribution is my breakfast and Hackathons is my dinner.

Work experience

26/04/2019 - 26/05/2019	**Python Developer**
	Oniria Creations
	I worked as a python developer for Oniria Creations. It was a one month internship. My role was to work on web scrapping, automation projects and NLP. It improved my understanding of web,python script writing and core concepts of NLP.

Projects
